Welcome Message

The Management and Staff of EmployEase would like to welcome you. As a student undertaking accredited training with us, you have chosen to explore new options and acquire new or updated skills that will enhance your opportunities for employment.

EmployEase is a Registered Training Organisation (RTO) and is responsible for the quality of your training and assessment in compliance with the Standards for Registered Training Organisations 2015. The training you receive is accredited and will provide you with a nationally recognised qualification upon successful completion of all units of competence.

We are here to support you. Should you have any questions, please either your Trainer, our Head of Nursing or email Administration via admin@employease.com.au or call our Head Office on (03) 9761 2156. Our office hours are 8.30am to 5pm Monday to Friday.

Our Mission

To deliver high quality training to a wide range of students which celebrates diversity and individual achievement and facilitates positive change in the life of the learner and in the community.

Our Vision

Be a leader in vocational training through innovation, resilience, integrity and strong teamwork

Our Values

Integrity, Excellence, Collaboration, Dedication, Sustainability and Innovation

Our Goals/Objectives

To deliver quality outcome for our students and stakeholders

To employ best practice through a regime of continuous improvement and consultation with all stakeholders

Purpose of Student Handbook

This Student Information Handbook contains important information about how EmployEase operates, your rights and responsibilities as a student and how training and assessment is conducted. It is important that you read the entire handbook and ask questions about anything you do not understand.

HLT54121 Diploma of Nursing

Welcome to the exciting world of studying HLT54121 Diploma of Nursing at EmployEase.

EmployEase has been delivering training and vocational services to people in Melbourne for over 30 years. We have established ourselves as a proven provider of quality training that gets results, particularly across the Health and Community Services sector. We currently deliver training to over 1,200 students a year, predominantly new entrants to the Aged Care, Disability and Health industries.

EmployEase has identified a need and opportunity to offer students an employment and training pathway into Nursing from its Aged Care and Health Services Assistance courses. This has occurred as a result of feedback from the Aged Care and Disability sector who we work closely with and from EmployEase graduates who wish to continue their studies with us.

Our professional teaching and support staff, along with excellent relationships within the industry, provides our students with the best possible chance of successful completion. In turn this ensures that EmployEase, as a Vocational Education Training provider, can contribute to addressing the shortage of Nurses in the workforce and provide its students with successful employment pathways. It is vital for the health of the population and is critical to the social and economic well-being of Australia to have sufficient learner numbers graduating in health-related courses.

According to the Australian Bureau of Statistics, the changing demography, particularly an ageing population and an ageing health workforce, has put pressure on the health sector. Australia's current health workforce has become highly reliant on immigration for both Doctors and Nurses. Although this is helping shortfalls in the sector, it is up to us to become more self-sufficient and rely on excellent performing education providers such as EmployEase to qualify those students seeking to enter as a professional in the health sector. As a student about to embark on a Diploma of Nursing (Enrolled Nurse) at EmployEase, we pledge our support and will endeavour to do everything in our power to help you succeed. We wish you well.

Program Structure and Delivery

The training program for HLT54121 Diploma of Nursing is delivered over 3 semesters (18 months), using a classroom-based face to face model of delivery. The program is delivered on campus four days per week, 9.00am to 4.00pm or as directed by the Head of Nursing. Timetabled study support sessions (NONA's) are scheduled at various intervals throughout the course sometimes in addition to study days. Clinical placement consists of a minimum of 400 hours across five rotations. 40 hrs per week (less ½ hr lunch breaks) over 10 - 11 weeks (400 hours). Students will complete an additional week of their Aged Care placement to allow for any anticipated absences they may encounter across their remaining four placement rotations. Some additional variation may occur in line with facility availability.

Personal Study Commitment

Students are required to undertake learning activities outside scheduled classes. This may involve completing assessments, revision, pre-reading, research, placement preparation as requested by facilities and other formative activities as outlined by your trainer. For more details regarding self-directed learning refer to the unit outlines, your Trainer or the Head of Nursing.

Zoom Training

It may be necessary due to health restrictions for EmployEase to change the mode of delivery from face to face to Zoom. This is unavoidable and you will be notified as soon as possible should this be necessary. A student must ensure that they are visible by camera and have their microphone on at all times during a

Zoom training session. If a student frequently turns off their camera during the training they will be considered absent from class.

Vocational Education and Training

Vocational Education and Training (VET) prepares people for jobs and careers by giving them the specific skills and knowledge they need. VET covers many careers and industries including community services, trades, office work, retail, hospitality and technology. Training and Assessment in VET in Australia operates under what is known as: “Competency Based Training and Assessment”.

Competency Based Training and Assessment

In competency-based training and assessment the emphasis is on:

- identifying what people need to do in their job
- identifying what people need to know to do their job
- indicating clearly the standard of performance required in the job by the industry or enterprise
- indicating how, when, where and by whom assessment will occur
- the student demonstrating that they have the knowledge, skills and attitudes to perform the job to a required standard
- Assessments are marked as satisfactory or not yet satisfactory. Assessments are not graded

Website Relevant to VET in Victoria and Australia

National Register of information on Training Packages, Qualifications, Courses, Units of Competency and Registered Training Organisations (RTOs): www.training.gov.au

Quality of Training and Assessment

EmployEase is solely responsible for the quality of the training and assessment and for the issuing of an AQF qualification.

Where deemed appropriate and necessary to support the operational policy of a Placement Provider EmployEase may work in an agreed partnership with a health facility in respect to students on placement where an EmployEase Assessor is unable to directly observe and gather evidence of the student’s practice over time due to the health facility’s student placement policy and patient privacy.

In this case the clinical educator employed by the health facility will provide guidance to the student in relation to their skills and practice as well as support EmployEase and the student in the collection of valid, sufficient and current evidence using EmployEase documentation. The evidence will then be used in combination with other evidence collected by EmployEase to enable us to make an informed judgement of competency.

EmployEase will ensure that where such an arrangement is in place, relevant documentation which confirms that the clinical educator this position at the facility, together with their industry qualifications are held on file with our Training Manager.

The student’s enrolment remains with EmployEase. EmployEase does not engage with any third party to provide formal training or assessment against a unit or units of competency, or educational and support services related to the recruitment of prospective students on its behalf.

Credit Transfer (CT)

Is a process that provides students with agreed and consistent credit outcomes for units in a qualification based on identified equivalence in content and learning outcomes between matched qualifications (see AQF Glossary). To have credit transfer applied you must produce the original or a certified copy of your ‘Statement of Attainment’ to EmployEase as evidence that you have successfully completed the identical unit, or equivalent unit of competence. You must apply for credit transfer at the time of enrolment.

Where a credit transfer has been applied the student will be exempt from attending the training classes for the unit/units, but not from placement as with each placement you will be demonstrating your skills across a

range of units. However, as you must hold a current and equivalent First Aid qualification at the conclusion of your course, any credit transfer for First Aid, will not be applied until the end of your studies. Further enquiries about the credit transfer process should be directed to the Course Advisor Business Development team.

First Aid (HLTAID011)

If seeking a credit transfer for HLTAID011 you must be able to present EmployEase your HLTAID011 First Aid qualification and it must be current at the conclusion of your Diploma training for your nursing qualification to be issued. First Aid is also outlined in your study timetable at the end of your program so each student will be current for employment. If you are absent for the allocated date, the update of the certificate will be at your own expense and must be undertaken outside of course hours.

Recognition of Prior Learning (RPL)

Recognition of Prior Learning is an assessment process which involves assessing the candidates existing knowledge and skills, gained through either work, study or life experience, against the requirement of a particular unit or units of study. Fee for service rates apply to RPL. Fees are charged on a per unit basis. You must apply for RPL prior to enrolment by contacting the office to arrange an RPL interview. RPL is available to all students at EmployEase except for students enrolled in Foundation Programs.

Access and Equity

EmployEase has a responsibility and a commitment to the provision of services to all eligible participants. Disabled access and facilities are available and people with a disability are encouraged to apply for courses that are relevant to their employment goals.

EmployEase upholds the following:

- EmployEase staff are instructed in their responsibilities with regards to Access and Equity principles.
- EmployEase students have equitable access to all programs irrespective of their gender, culture, linguistic background, race, location, socio-economic background or disability.

Course Information

A Course Outline is issued and is also available from the EmployEase website www.employease.com.au. The Course Outline provides information about entry requirements, units of competency, delivery and assessment methods. Registrations of interest can be made by contacting the office on (03) 9761 2156.

Computer Access

EmployEase supports students to develop a range of skills and knowledge required in today's workplace. In order to support learning in 'using technology' our courses require students to utilise technology as part of their training. Students who undertake training with EmployEase will need to have the following:

- Ready access to a PC or laptop computer with internet access and MS word
- Ready access to a document scanner or digital uploading resource
- Intermediate computer skills
- Intermediate MS Word skills

Intermediate level computer skills are required for accredited courses including (Word processing; file management; downloading and uploading skills) and these are assessed as part of the Pre-Training Review (see Pre-Enrolment).

Enrolment

Pre-Requisites

Candidates must:

- Be at least 18 years of age before undertaking the first Clinical Placement
- Provide documented evidence of meeting the English language skills registration standard (Nursing and Midwifery Board of Australia). **See English Language Registration Requirements below.**
- Complete a literacy and numeracy assessment and have language, literacy and numeracy skills that align to exit Level 4 of the Australian Core Skills Framework (ACSF)
- Provide Police Check in each year of placement without disclosures.
- Provide Working with Children's Check without disclosures.
- Must be able to attend the full time course 3-4 days per week on campus as per the timetable.
-
- Immunisation records as per the Victorian Department of Health immunisation requirement for health workers risk category A.
- COVID19 vaccination in line with current Australian Department of Health requirements pertaining to the Health sector and Aged Care placement.
- Shortlisted applicants will be required to attend a panel interview as part of the selection and LLN process (consideration will be given to the candidate's ability to meet the inherent requirements of working as an enrolled nurse).

Students are expected to:

- work across multiple environments including Aged Care, Mental Health, Community and Hospital settings
- have the ability to stand for long periods of time, complete shifts of physical work up to 8 hours, physically manage a full time class load (4 days per week) and have the physical stamina to complete 10 weeks of full time clinical placement in 5 blocks across the 18 month course period. This includes standing or walking for long periods in the clinical lab or on clinical placement. Students must be able to perform gross motor skills such as lifting, carrying, pushing, standing, twisting and bending. While manual handling and equipment is available, nursing requires the ability to perform physical tasks safely to protect individuals, other staff and patients.
- The ability to undertake precise hand movements such pinching, grasping, manipulating syringes and needles or performing clinical skills such as wound dressing. The ability to feel with the fingers and hands changes to body parts or functions such as assessing temperature or a pulse
- Maintain concentration levels in order to complete practical tasks and nursing care at the level required, including person centred care for multiple patients per shift.
- Complete multiple physical and mental tasks over the period of a shift with the stamina to provide safe nursing care.
- Have a level of Mental Wellness to effectively and professionally function in a demanding profession. Mental Wellness is the ability to recognise individual abilities and respond to normal stresses of life, study and work.
- demonstrate the ability to moderate their own behaviour with behavioural stability in order to function in a diverse and challenging academic and practical environment.
- Have the level of verbal and non-verbal communication to have the ability to interact with fellow students, staff and patients in English in a practical setting to enable them to provide safe delivery of care and fulfill course requirements.

Pre-Enrolment

Enrolment involves an eight-step process.

1. Initial discussion with the /Head of Nursing

2. Candidate is provided with:
 - a. Information Kit including Course Outline, Employment Training Pathways, English Language Requirements Information sheet
 - b. a link to complete the BKS Language and Literacy Assessment to confirm entry requirement level of exit Level 3 has been met.
 - c. An EmployEase enrolment form as a register of interest only
 - d. Pre-Training Review Information Technology checklist
 - e. Candidate Background Information questions
3. Telephone Interview including confirmation of the student meeting English Language Skills and information relating to funding eligibility.
4. Candidate pays a holding deposit of \$250.00
5. Candidate is issued with additional information and remaining documents to complete their enrolment. This includes Statement of Fees, Pre-Training Review Judgement and Candidate Declaration. The Candidate will return all completed documents including providing evidence of funding eligibility.
6. Course Advisor will confirm and process candidate's evidence of funding eligibility
7. Candidate participates in a Panel Interview during they will present evidence of meeting English Language Skills for endorsement by Head of Nursing.
8. Letter of Offer and Acceptance of offer

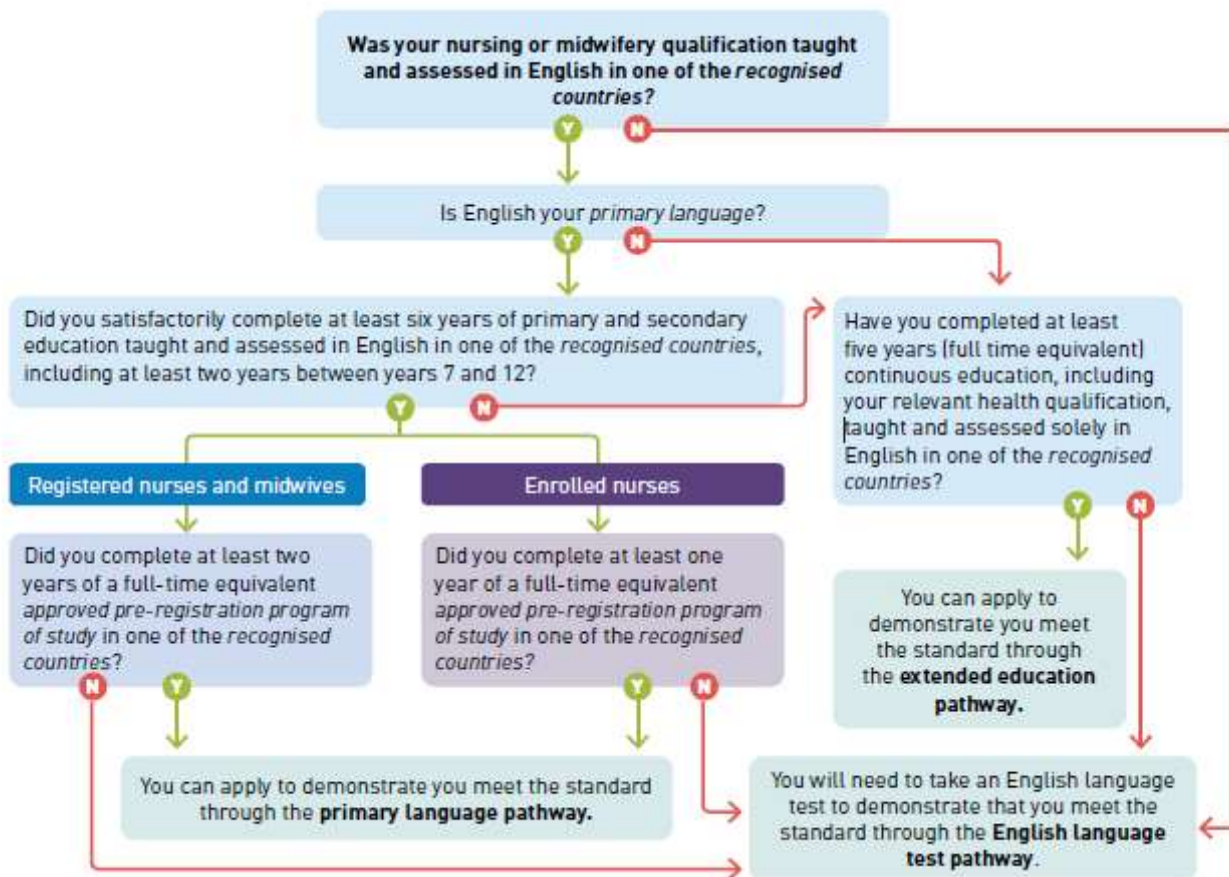

English Language Skills Registration Requirements

The following information is an extract from the NMBA Fact Sheet English Language Skills Registration Standard and the NMBA English Language Evidence Guide for Nurses and Midwives and is a guide to determine English Skills requirements as a pre-requisite to enrolment to ensure you are able to successfully apply for registration at the conclusion of your studies. This can be found on [Nursing and Midwifery Board of Australia - English language skills \(nursingmidwiferyboard.gov.au\)](https://nursingmidwiferyboard.gov.au) If you are unclear about any aspect of this requirement, you must speak to your Course Advisor or EmployEase Head of Nursing.

Primary language means the language you primarily use and the language that you know best and are most comfortable with.

Recognised countries means the following countries: Australia, Canada, New Zealand, Republic of Ireland, South Africa, UK and USA. With the exception of South Africa, these countries are recognised by the Department of Home Affairs for the purposes of exempting applicants from having to sit a test to demonstrate English language skills. More information about recognised countries and the English language skills registration standard can be found on the Board's Registration Standards page

Approved pre-registration program of study means a program of study approved by the recognised nursing and/or midwifery regulatory body in a recognised country.

Evidence Requirements for Each Pathway

1. Primary Language Pathway

English is your **primary language** and:

- a. you have attended and satisfactorily completed at least six years of **primary and secondary education** taught and assessed in English in one of the **recognised countries**, including at least two years between years 7 and 12, and
- b. your qualification in the relevant professional discipline, which you are relying on to support your eligibility for registration under the **National Law** was taught and assessed solely in English in one of the **recognised countries** and:
 - i. in the case of a registered nurse or registered midwife, you must provide evidence of at least a two (2) years full-time equivalent pre-registration program of study approved by the recognised nursing and/or midwifery regulatory body in any of the recognised countries.
 - ii. in the case of an enrolled nurse, you must provide evidence of at least a one year full-time equivalent pre-registration program of study approved by the recognised nursing and/or midwifery regulatory body in any of the recognised countries listed in this registration standard.

2. Test Pathway

Applicants that would be required by the Nursing and Midwifery Board of Australia (NMBA) to provide formal English language skills test when applying for registration with NMBA, must provide formal English language test result through either PTE, IELTS or OET, demonstrating they have achieved the NMBA specified

level of English language skills, **prior to commencing the program.**

You achieve the required minimum scores in one of the following English language tests and meet the requirements for **test results** specified in this standard:

The following requirements apply to the English language test results:

1. Test results will be accepted if they were obtained:

1.1. within the two years before the date you lodge your application for registration

OR

1.2. more than two years before the date you lodge your application for registration if, in the period since the test results were obtained, you:

- a. have been in **continuous employment** as a registered health practitioner in the nursing and/or midwifery profession (which commenced within 12 months of the date of the test) in one of the **recognised countries** where English was the primary language of practice, and
- b. lodge your application for registration within 12 months of finishing your last period of employment

OR

1.3. more than two years before the date you lodge your application for registration if, in the period since the test result was obtained, you:

- a. have been continuously enrolled in a **Board approved program of study** (which commenced within 12 months of the date of the test) and undertook subjects in each semester, with no break from study apart from the education provider's scheduled holidays, and
- b. lodge your application for registration within 12 months of completing the **Board approved program of study**.

2. For the purposes of calculating time, if an applicant relies on **test results** from two sittings, time begins to run from the date of the earlier sitting.

Costs associated with meeting these conditions or with final registration are incurred by the student and not by EmployEase.

Pre-Training Review

All candidates seeking to enrol in a course with EmployEase will undertake a Pre-Training Review. The purpose of the Pre-Training Review is to ensure that the course is suitable for you, meets your interests, needs and career goals and that you are able to meet the language, literacy and numeracy requirements for entry into the qualification. The Pre-Training Review (PTR) also enables EmployEase to identify any additional support you might need to make sure you have the best opportunity to successfully complete the qualification.

The Pre-Training Review consists of four (4) steps:

1. Pre-Training Review Initial Interview

The purpose of the initial interview is to identify your interests, your existing knowledge, skills and experience, to gain an understanding of your short and long-term goals and to assess your oral communication and information technology skills. This will be conducted as part of the Information Session with our Course Advisor.

2. Online LLN Assessment (English and Maths)

The purpose of this on-line BKS assessment is to assess your current literacy and numeracy skills and measure them these against the ACSF requirements of the course (min. exit Level 3).

3. Panel Interview

Each candidate who progresses on from the BKSb assessment will take part in a Panel Interview. Interviewers will include the Head of Nursing and the clinical placement coordinator. The interview will also form part of the candidate's assessment in the ACSF Core Skill area of Learning.

4. Judgement

This step involves looking at all the information gathered as part of the interview and LLN Assessment and comparing it to the requirements for entry into the course. At this point an informed judgment is made as to whether the course is appropriate for you, what additional support you may need to successfully complete the qualification and whether your application will progress to enrolment.

5. Candidate Declaration

The purpose of this declaration is to verify that you have received information and understand the requirements relating to course pre-requisites including Immunisation, Police Checks, Working with Children Checks and Statement of Fees, Funding eligibility, Clinical Placement, RPL and Credit Transfer.

Student Selection and Admission

Every student who meets the course entry requirements will be accepted into a training and assessment program. If more than the maximum numbers of participants register for a course, the Business Development Team Leader will determine allocation of places. The criteria will include principles of access and equity and a commitment to complete the course. Admission procedures will therefore be free of discrimination, and if an individual does not meet entry requirements, all attempts will be made to assist them to identify alternative options. Successful applicants will be advised in writing prior to course commencement (Letter of Offer).

EmployEase will notify AHPRA of all new students who is registered for this course. AHPRA collects your personal information (including your USI) from EmployEase and by providing EmployEase with such information, students consent to AHPRA's collection and use of their personal information in accordance with the collection statement for the student register and AHPRA's Privacy Policy.

AHPRA's Privacy Policy explains how students may access and seek correction of their personal information held by AHPRA complain to AHPRA about a breach of their privacy; and how a complaint will be dealt with. AHPRA's Privacy Policy can be accessed on AHPRA's [Privacy webpage](#).

Fees and Charges

Initial Holding Deposit

Candidates who progress to the panel interview stage are required to pay a holding deposit of \$250.00. The holding deposit is refundable if the candidate is not offered a position in the course. However, the deposit is **not refundable** if the student chooses not to accept the position following receipt of a Letter of Offer or withdraws their application prior to a Letter of Offer being made.

Refer Statement of Fees issued as part of your Course Information Pack or by visiting our website at www.employease.com.au

Fee Protection

EmployEase has implemented learner fee protection measures as required by ASQA in clause 7.3 of the Standards for Registered Training Organisations 2015. EmployEase holds an unconditional financial guarantee from the HSBC bank, for the total amount of prepaid fees held by us in excess of the \$1,500 prepaid threshold per learner for services to be provided by EmployEase to those learners.”

Certificates and Statement of Attainments

Replacement Certificates or Statements of Attainment are available at a cost of \$33 (incl. GST) each. Please note that Certificates and Statements of Attainment are not released to students with outstanding accounts.

Government Subsidised Training

EmployEase courses are delivered using Commonwealth and State Government Funding. Eligibility for a government funded position through Skills First Program is discussed with you prior to enrolment and confirmed by you completing the Evidence of Student Eligibility and Declaration. It is important that you understand that accessing government funding through the Skills First Program may impact on your eligibility for future training programs.

Refunds

Where a student provides EmployEase with written notification of their withdrawal from a course within a period of no less than three (3) working days prior to the course scheduled commencement date will be refunded all tuition and service and amenities fees paid less \$4,000.

Where a student provides written notification of their withdrawal from a course less than three (3) working days prior to the course scheduled commencement date, or within 28 days after the date the course commenced, they will be refunded all tuition and service and amenities fees paid less \$8,000.

Where a student provides EmployEase with written notification of their withdrawal from a course, more than 28 days after the course commenced, no refund is payable.

Where a student withdraws from a course but has an existing payment plan in place, the payment plan will continue after withdrawal until the required fees are paid. Discretion may be applied as deemed reasonable by EmployEase.

See our Fees, Charges and Refunds Policy available on our website or by contacting EmployEase on (03) 9761 2156.

Cancellation of a Course

Where a course is cancelled by EmployEase prior to commencement all fees paid will be automatically refunded unless the student chooses to transfer to another EmployEase course. No additional costs will be incurred. Should EmployEase cancel a course after course commencement, every reasonable step will be

taken to support students to complete their training with another EmployEase group without financial disadvantage. In the event of the RTO closure all fees paid will be automatically refunded.

Pre-Clinical Placement Requirements

In preparing for a professional practice, there are some important requirements to organise and particular information to gather. Some of these preparations are required by law and some are just good practice to help you get the most out of your Clinical Placement experience.

Police Check

All students must provide a Police Check, also known as a National Criminal History Check, with no disclosures, prior to Clinical Placement. The health care facilities will not allow you to attend Clinical Placement without a current (**less than 3 months from issue**) Police Check, with no disclosures.

You will receive an email from EmployEase containing a link to the National Crime Check 3 months before your 1st placement. It is important you apply for your police check immediately when you receive the link and upload the required documents. EmployEase will provide payment for the application check on your behalf. **You are required to forward your police check application confirmation email to your Placement Coordinator when you receive it.**

EmployEase has a strict procedure in place of how Police Check disclosures are managed. It is important that you understand these procedures and the implications should a disclosure appear on your police check. See below:

Disclosure	Implication for Enrolment
A conviction for murder or sexual assault	Enrolment will not proceed or will be cancelled
A conviction of, or a disclosure showing without conviction, whether the student was imprisoned or not, for any form of assault or bodily harm, neglect or a person in their care, violence or threats of violence or crimes of a sexual nature	Enrolment will not proceed or will be cancelled
A conviction, or a disclosure showing without conviction regardless of whether the student was imprisoned, relating to dishonesty (including but not limited to fraud and theft) or of drug offences within the past 5 years.	Enrolment will not proceed or will be cancelled
Multiple traffic/driving offences (more than two) e.g. drink driving, driving under the influence, dangerous driving. Culpable driving	Enrolment will not proceed or will be cancelled
A conviction, or disclosure showing non-conviction, regardless of whether the student was imprisoned, relating to dishonesty (including but not limited to fraud and theft) or of drug offences more than five years prior	Continuation of enrolment will be subject to consultation between EmployEase and industry.
Incidental traffic/driving offences (no more than two) e.g. drink driving, driving under the influence, dangerous driving	Continuation of enrolment will be subject to consultation between EmployEase and industry.

It should be noted that the decision whether to accept a student for Clinical Placement who has a disclosure on their Police Check is at the absolute discretion of the health care agency/facility in consultation with EmployEase.

Where a student's enrolment is cancelled by EmployEase, or the student chooses to cancel their enrolment because of a disclosure appearing on a Police Check, the standard refund policy applies. Refer to EmployEase Fees Charges and Refunds Policy.

Unfortunately, due to timelines it may not be possible for EmployEase to know if a disclosure appears on a Police Check until a student has attended some of the training, therefore it is important that if you suspect a disclosure might appear on your Police Check, that you declare this prior to your enrolment so enquiries can be made early.

When you have a Disclosable Result

Any disclosable offences should be discussed with the Head of Nursing. Depending on the nature of the offence, you will be advised of the potential impact that your record may have on your ability to become registered. You may be asked to meet with a facility representative to discuss the Police Check findings. Be aware that the facility has the right to refuse your request to attend Clinical Placement EmployEase is unable to take responsibility for any student who is unable to complete the qualification due to disclosures on their police check.

International Criminal History Checks (ICHC)

Certain applicants and registered practitioners are required to apply for an International Criminal History Check (ICHC) from an AHPRA approved vendor, who will provide the ICHC report to the applicant or registered practitioner, and directly to AHPRA. ICHC results are valid for three months from the date of issue.

- **Applicants from New Zealand**

While it is not mandated under the Trans-Tasman Mutual Recognition (TTMR) arrangements, the National Law allows a National Board to check a practitioners' criminal history at any time. Practitioners registered under TTMR will be required to apply for an ICHC from one of the approved external providers.

- **Applicants Will Need to Obtain an ICHC From an Approved Vendor**

Relevant applicants will need to apply for a ICHC from one of the AHPRA approved vendors as part of the registration application process.

The time it takes for the vendor to conduct the check and provide a report may vary, depending on which country or countries the check must be undertaken in. More information about the logistics of the checks is available from the vendors' websites, which are accessible from the AHPRA website. It is important that applicants allow adequate time to prepare their applications before they plan to practise.

In most cases, the ICHC will be available by the time the registration application has been assessed. In the small number of cases where the check is not received before the application is determined, the applicant can be registered on the basis of a declaration about their international criminal history.

The intention of the new approach is not to stop practitioners from practising if they meet all requirements and have declared that they do not have an international criminal history but ensure that the check is made. This will discourage those with a significant criminal history outside of Australia from applying for registration as well as identify anyone who has made a false declaration about their history.

- **Checks Will Need to Be Undertaken on All Countries Where Applicants Have Lived for Six Months or More as An Adult**

Applicants will need to get a check for every country outside of Australia where they have lived, or been primarily based, for six consecutive months or more when aged 18 years or over. Some applicants may need to obtain checks for several countries.

- **The Checks Will Be Paid for By Applicants**

Applicants will be responsible for paying for their ICHC. The fee will vary depending on how many and which countries the check will need to cover.

More information is available from the vendors' websites, which will be accessible via the AHPRA website.

Working with Children Check (WWCC)

You may have the opportunity to work with patients under the age of 18. However, before you can be allowed contact with minors you need to obtain a Working with Children Check (WWCC).

The WWCC is valid for five years and can be applied for online. It is advisable to undertake a non-volunteer status WWCC so that it can be used in the future in an employment context. However, you can apply for a Volunteer Check identifying yourself as a learner, a Volunteer Check is free.

You will receive information about the online application process at the Orientation session. **You must apply for your Working with Children Check immediately following your Orientation session.**

Without these checks you will not be allowed to commence Clinical Placement and therefore be unable to complete your qualification and as such, be ineligible for Government funding.

COVID-19 Vaccinations

For most up to date information, please visit: <https://www.coronavirus.vic.gov.au/vaccine>

At the time of this publication, the Victorian Health care, Aged care and Disability sectors are mandated to be **fully vaccinated (including Booster shot – third dose)**. This includes students who are required to undertake placement as a part of their course of study.

EmployEase must sight and record either your proof of vaccination or a valid medical exemption, and share this information with health and aged care facilities and services as a lead up to your placement allocation.

NOTE: EmployEase accepts 'Immunisation History Statement' as an only form of evidence to see all three doses (Vaccination Certificate is not accepted).

Information about how to access your digital vaccination record can be found by visiting:

<https://www.servicesaustralia.gov.au/how-to-get-proof-your-covid-19-vaccinations?context=60091#gettingproofonline>

Immunisation

Immunisation is the responsibility of the student. It is recommended that an informed, individual choice is made about this matter. Students should refer to a doctor of their choice for discussion and advice.

Students will come into contact with a large variety of individuals while attending professional practice.

Some of these people may have a communicable disease. Enrolled Nurses are categorised as a Category A Health Care Worker. These workers are defined as being at risk of exposure to contaminated blood and body fluids.

Immunisation is one of the most effective public health measures for the control of communicable diseases, protecting both the individual and the community.

For the protection of students and of potential clients, evidence of vaccination status is required by professional practice hosts prior to attendance. This will be in the form of vaccine records or serology records by a registered medical practitioner. Evidence of vaccination is compulsory before Clinical Placement. This includes compliance with COVID-19 vaccinations applicable to Aged Care facilities and the Health sector.

The likelihood of contact with patients' blood and/or body substances determines vaccination recommendations. Healthcare workers should receive the vaccines they require preferably before or at minimum within the first few weeks of employment, with the exception of influenza vaccine, which should be administered annually between March and May. Work activities, rather than job title, should be considered on an individual basis to ensure an appropriate level of protection is afforded to each healthcare worker.

Medical facilities are encouraged to formulate a comprehensive vaccination policy for all healthcare workers. Each worker should be individually assessed for specific vaccines, taking possible contraindications into account.

Work practices should include the use of standard and additional precautions to minimise exposure to blood and body fluids. If exposure does occur, guidelines for post exposure prophylaxis should be followed. Ensure that post exposure guidelines are easily accessible 24 hours a day.

Failure to receive relevant vaccinations may impact on your ability to undertake compulsory clinical placement and as such place your continued enrolment at risk.

Risk Categorisation: Category A – Direct Contact with Blood or Body Substances

This includes all persons who have physical contact with, or potential exposure to blood or body substances. Examples include dentists, medical practitioners, nurses, allied health practitioners, healthcare students, emergency personnel (fire, ambulance and volunteer first aid workers), biomedical and engineering staff, mortuary technicians, central sterile supply staff, and staff responsible for cleaning, decontamination and disposal of contaminated materials.

- **Vaccine Preventable Diseases**

All adults should be up to date with routinely recommended vaccines such as diphtheria-tetanus containing vaccines, poliomyelitis vaccine and measles-mumps-rubella vaccines.

- **Pertussis**

A booster dose (given as dTpa vaccine) is recommended for healthcare workers particularly in paediatric settings, maternity and neonatal settings.

A booster dose of dTpa is recommended if 10 years have elapsed since a previous dose.

- **Measles/Mumps/Rubella (MMR)**

Document at least two doses of MMR vaccine for all non-immune staff born during or since 1966. Serological evidence of immunity to measles is also acceptable. Those born prior to 1966 are considered immune.

If in doubt, offer two doses of MMR vaccine a minimum of one month apart.

- **Varicella (Chickenpox)**

Seek and document a history of chickenpox from all healthcare workers. A history of chickenpox is strongly predictive of prior infection (>90 per cent). Consider serological screening of people with no definite prior history of chickenpox (approximately 50 per cent of this group will be susceptible).

Document results of testing.

All non-immune Category A and B staff (see above for definition) should be vaccinated with varicella vaccine. Two doses of vaccine at least one month apart are required for adults.

- **Hepatitis B**

Document a course of either three doses of paediatric formulation hepatitis B vaccine or 2 doses of adult formulation hepatitis B vaccine (given between 11 and 15 years of age) or three doses of adult formulation hepatitis B vaccine.

Offer a course of three doses of vaccine to all non-immune healthcare workers; emphasise that it is essential for all staff in categories A and laboratory staff.

Perform post-vaccination serological testing four to eight weeks after the third dose of vaccine. If adequate anti-HBs antibodies are not reached following the third dose, the possibility of HBsAg carriage should be investigated. Those who are HBsAg negative and do not respond should be offered further doses of hepatitis B vaccine. Persistent non-responders should be informed about the need for HBIG within 72 hours of parenteral exposure to hepatitis B.

Booster doses of hepatitis B vaccine are no longer recommended for people who have an adequate antibody response to the primary course, as there is good evidence that a primary course provides long lasting protection.

- **Hepatitis A**

Staff at higher risk of occupational exposure to hepatitis A includes nursing staff and other healthcare workers in contact with patients from Indigenous communities, in paediatric wards, infectious disease wards, emergency rooms and intensive care units or who frequently attend patients in rural and remote Indigenous communities.

- **Influenza**

Offer annual influenza vaccine to all staff in direct care of patients.

For further information on recommended immunisation for Category A Health Care Workers, please refer to the Department of Health website at: <http://www.health.vic.gov.au/immunisation/vaccination-for-healthcare-workers>

NDIS checks

The Victorian government has introduced NDIS checks for all people that work with NDIS participants. This includes students, volunteer workers, workers engaged through third parties such as labour-hire agencies and sole traders who are the provider and the worker. Most residential aged care facilities have NDIS participants as their residents and as such, require students who do placements there to have a NDIS check prior to undertaking their placement.

Victoria is taking a 'no clearance, no start' approach to the NDIS Check. This means that a person is prohibited from being employed or otherwise engaged by a registered NDIS provider in a risk assessed role unless the person has a NDIS Clearance or is subject to a transitional arrangement. Your employer, as a registered NDIS provider, must make sure all staff who need a NDIS Clearance have one. The NDIS Check does not replace Victoria's WWC Check. If you are continuing to work with children, you will need to renew your WWC Clearance.

This will come at your own cost at \$123.20 and is valid for 5 years. You will need identity documentation for the application as per the website below. You will have to apply for this at the beginning of your course as it will take about 4 weeks to be approved. More information can be found at <https://www.vic.gov.au/ndis-worker-screening-check>

FIT testing

The Australian Standard AS/NZS-1715: 2009 requires a respiratory protection program to be established. Part of that program involves the annual fit-testing of close-fitting respirators. In addition, the Australian Guidelines for the Prevention and Control of Infections in Healthcare (National Health and Medical Research Council, 2019) state that in order for N95/P2-masks to offer maximum desired protection it is essential that the wearer is properly fitted and trained in its safe use i.e. it is “required” not just “recommended”.

Fit testing when required must be done annually, as weight gain or weight loss or facial changes can change the fit of a device. Therefore, it may be a requirement of all EmployEase students on placement undergo a fit test prior to attending placement and then undergo fit-testing yearly.

When required, EmployEase will organise FIT testing during your class times and the cost will be included as part of your resource fees.

Other Pre-Requisite Checks

Health facilities may require specific pre-placement checks including COVID-19 Test Results and Statutory Declarations.

Student Expectations

Before you can participate in the delivery of nursing care to patients and residents, you need to understand the professional codes and guidelines that govern the nursing profession. These will inform you of behaviours, attitudes and the general conduct that you will be expected to demonstrate while in class as well as on clinical placements.

These codes, guidelines and ANMAC Competency Standards are the criteria used to assess your clinical performance. A synopsis describing the essence of the codes follows. The full versions are available online via the Nursing and Midwifery Board of Australia (NMBA) website at:

www.nursingmidwiferyboard.gov.au/Codes-and-Guidelines.aspx

Codes and Guidelines

The Nursing and Midwifery Board of Australia approves codes and guidelines to provide guidance to the profession. They are used to clarify our views and expectations on a range of professional nursing issues.

These must be adhered to in order to maintain registration as a nurse.

Students will need to be registered in the national scheme. All students are required to abide by the codes and guidelines of the profession when carrying out their professional practice activities.

Code of Ethics

This code outlines the nursing profession’s commitment to respect, promote, protect and uphold the fundamental rights of people who both receive and provide health care. It is supported by, and should be read in conjunction with, the Code of Conduct for Nurses in Australia and the National Competency Standards for the Enrolled Nurse. The codes to consider include:

- Nurses value quality nursing care for all people.
- Nurses value respect and kindness for self and others.
- Nurses value the diversity of people.
- Nurses value access to quality nursing and health care for all people.
- Nurses value informed decision making.
- Nurses value a culture of safety in nursing and health care.
- Nurses value ethical management of information.
- Nurses value a socially, economically and ecologically sustainable environment promoting health and wellbeing.

From 1 March 2018, the International Council of Nurses Code of ethics for nurses is in effect for all nurses in Australia, available at;

<https://www.nursingmidwiferyboard.gov.au/Codes-Guidelines-Statements/Professional-standards.aspx>

Unprofessional Conduct

In addition, to the codes outlined above, EmployEase as a provider has obligations relating to unprofessional conduct. We are required to make mandatory notifications in relation to students if we, as the provider, reasonably believe a student enrolled with us has an impairment that, during the student undertaking clinical training, may place the public at substantial risk of harm.

Impairment is defined, under Section 5 of the National Law, to mean the learner has a 'physical or mental impairment, disability, condition or disorder (including substance abuse or dependence) that detrimentally affects or is likely to detrimentally affect the person's capacity', in this case, to undertake clinical training.

Nursing and Midwifery - Guidelines for Mandatory Notifications

Conduct that should be reported to Australian Health Practitioner Regulation Agency (AHPRA,) includes:

1. Intoxication by alcohol or drugs while practicing or training in the profession
2. Engagement in sexual misconduct in connection with the practice or training of the profession
3. An impairment that places the public at risk of substantial harm
4. A significant departure from accepted professional standards that places the public at risk of harm
5. Deviation from the health profession's codes and guidelines

Professional Boundaries

Professional boundaries are the limits that protect the space between the professional's power and the client's vulnerability. They define the difference between a professional, therapeutic relationship and a non-professional or personal relationship between a nurse and a person in their care.

People who do not understand professional boundaries are at risk of breaching the codes of conduct and professionalism.

Nurses must always obtain informed consent from persons in their care, prior to undertaking any therapeutic, professional interaction.

(Adapted from Professional boundaries for nurses in Australia, ANMAC)

The information below represents the continuum of professional behaviour and provides a picture of therapeutic versus non-therapeutic behaviour in the relationship between the nurse and the persons in their care.

To find out more, access the Nursing and Midwifery Board of Australia's Professional Codes and Guidelines, which can be located at; <https://www.nursingmidwiferyboard.gov.au/codes-guidelines-statements.aspx>

Social Media (AHPRA)

This policy was developed jointly by the National Boards to help practitioners understand their obligations when using social media. It applies to all registered health practitioners in Australia including student nurses. When using social media, health practitioners should remember that the National Law, their National Board's code of ethics and professional conduct (the Code of conduct) and the Guidelines for advertising regulated health services (the Advertising guidelines) apply.

Registered health practitioners should only post information that is not in breach of these obligations by:

- Complying with professional obligations
- Complying with confidentiality and privacy obligations (such as by not discussing patients or posting pictures of procedures, case studies, patients, or sensitive material which may enable patients to be identified without having obtained consent in appropriate situations presenting information in an unbiased, evidence-based context, and not making unsubstantiated claims.

Additional information may be available from professional bodies and/or employers, which aims to support

health practitioners' use of social media. However, the legal, ethical, and professional obligations that registered health practitioners must adhere to are set out in the National Boards' respective Code of conduct and the Advertising guidelines. Also refer to the NMBA's [Social Media Policy](https://www.nursingmidwiferyboard.gov.au/codes-guidelines-statements/policies/social-media-policy.aspx) which can be located at; <https://www.nursingmidwiferyboard.gov.au/codes-guidelines-statements/policies/social-media-policy.aspx>

Use of Social Media

EmployEase recognises the benefit of social media groups to students however, behaviour on social media which is shown to breach the student code of conduct or is deemed to be cheating will result in the student's enrolment being cancelled.

The Role of the Enrolled Nurse

The role of the enrolled nurse is to provide nursing care in various forms of community and health care settings as an associate to a registered nurse. The enrolled nurse will deliver less complex work than that of the registered nurse and the enrolled nurse will work under the direction and supervision of the registered nurse as per the relevant nurse registering authority.

The Australian Nursing and Midwifery Council (ANMC) national competency standards for the enrolled nurse together with the units of competency from the Health Training Package (HLT) will underpin all aspects of the program framework.

The qualification will prepare the enrolled nurse with skills and knowledge at diploma level that meet the national competency and NMBA standards.

Core enrolled nurse responsibilities in the provision of patient-centred nursing care include recognition of normal and abnormal in assessment, intervention and evaluation of individual health and functional status. The enrolled nurse monitors the impact of nursing care and maintains ongoing communication with the registered nurse regarding the health and functional status of individuals.

Core enrolled nurse responsibilities also include providing support and comfort, assisting with activities of daily living to achieve an optimal level of independence, and providing for emotional needs of individuals. Where state law and organisational policy allows, enrolled nurses may administer prescribed medicines or maintain intravenous fluids, in accordance with their educational preparation.

Enrolled nurses are required to be information technology literate with specific skills in the application of healthcare technology. Enrolled nurses demonstrate critical and reflective thinking skills in contributing to decision making which includes reporting changes in health and functional status and individual responses to health care interventions.

Enrolled nurses work as part of the health care team to advocate for and facilitate the involvement of individuals, their families and significant others in planning and evaluating care and progress toward health outcomes. These responsibilities are illustrative of the types of core activities that an enrolled nurse would be expected to undertake on entry to practice. All enrolled nurses have a responsibility for ongoing self-development to maintain their knowledge base to carry out their role. For more details refer to the NMBA's [EN Standards for Practice](https://www.nursingmidwiferyboard.gov.au/codes-guidelines-statements/professional-standards.aspx), which can be located at; <https://www.nursingmidwiferyboard.gov.au/codes-guidelines-statements/professional-standards.aspx>

The completion of the course will support the enrolled nurse with the managerial tools to:

- Display knowledge of and function according to legislation
- Conduct a full analysis of health information
- Work in an ethical way
- Work respecting the rights of the client ensuring a patient/person centred approach is maintained
- Use effective communication
- Contribute to development of care plans

- Provide care and support to clients within your scope of nursing
- Be responsible and account for your actions as an enrolled nurse
- Manage nursing care within your scope as an enrolled nurse
- Course Times and Duration

Training and Assessment

Training Delivery

The program delivery involves face to face and Zoom theory classes, simulation laboratories, workplace clinical experience and self- directed study. Refer to the timetable, which is updated each term, and unit outlines for a detailed breakdown of your learning activities. Students are provided with learning resources. The majority of textbooks, journals and references will be available electronically via ClinicalKey.

Clinical Placement

You will undertake five (5) placements as part of your training over a total period of 10 weeks, minimum of 400 hours, across various health environments including Aged Care, Mental Health, Community, Subacute and Acute Care. It is important to note that should students be allocated regional Clinical Placement, costs associated with accommodation, amenities and travel must be covered by the student.

At discretion of Employease two (2) opportunities may be offered to successfully complete each placement.

Termination of a Placement

Where a placement is rejected by the student, terminated either by the facility, EmployEase or by the student, or the student had not completed all placement pre-requisites in readiness for their assigned placement, the Placement Coordinator will discuss the matter with the student. Where appropriate a 2nd Placement opportunity will be provided during which the student will complete all required hours.

2nd Placement Opportunity

Where a student is unable to successfully complete a clinical placement, or the placement is terminated, EmployEase reserves the right not to approve a 2nd placement opportunity.

This may be as a result of a serious breach of conduct, or where multiple placements have been terminated over the period of study, or where the student's overall academic progress/results are not considered sufficient to warrant an additional placement opportunity or further extension to enrolment.

The decision to offer a 2nd placement opportunity is at the full discretion of EmployEase following an academic review meeting with the student. Where a student does not progress to a 2nd placement and their enrolment is closed, full course fees remain payable.

A 2nd placement opportunity will come at a cost to the student at \$88/day for all placements. As an average – a 10 day repeat placement will cost students about \$880.

Missed Placement Days

Unplanned Absences (sickness or injury)

Placement hours missed due to illness must be made up with additional hours which are to be negotiated between the student and the Placement Provider and Placement Coordinator. If a student is unwell, the student will need to contact the ward, contact the facilitator and contact the placement coordinator and

provide a medical certificate. If there are too many sick days on a placement, the facility reserves the right to mark the student not yet satisfactory as they cannot assess the student sufficiently.

Where a student is unable to participate in placement for a period of time which extends beyond 60 days including sickness, holiday or pregnancy, their enrolment will be cancelled.

In the event where a placement is delayed due to a health concern at the facility, every effort will be made to re-negotiate dates or relocate groups in consultation with the student/s.

Where a student misses placement days to the extent that the placement is no longer an ongoing option, they may complete a Request to be Excused from Payment for Further Placement Fee in extenuating circumstances (see table below), and submit it the Director of Nursing. The following fee conditions apply:

Conditions of Request to be Excused from Payment for Further Placement Fee:

1. Students must provide the reason for this request based on the criteria in the table below.
2. Students must provide the required supporting documentation, where required.
3. Students must sign a declaration stating that the information supplied is correct, true and complete, and that the supporting documentation, where required to be provided, is authentic.
4. The student must authorise EmployEase to obtain information with respect to their request and, if it chooses, to verify the authenticity of any documentation is provided.
5. Approval of requests will be determined by The Head of Education. Students must declare that they understand that submission of this request does not guarantee automatic approval.
6. Students will be notified of the request outcome by the Director of Nursing.
7. By providing a Request to be Excused from Payment for Further Placement Fee, the student acknowledges that the student has read and accepted the above conditions.
8. Supporting documentary evidence - If students are unable to provide original documentary evidence, a statutory declaration can be accepted as an alternative.

Privacy

EmployEase is subject to the provisions of the Commonwealth Privacy Act 1988. Students are entitled to protection of their personal information. Any information EmployEase collects about a student, including personal details, academic progress details, and personal welfare information, is treated by EmployEase according to strict guidelines which are set out in the Australian Privacy Principles (the APPs). We do not use or disclose any personal information we hold about students, including student address, or results, even to close relatives, without student permission or as permitted by the APPs. See EmployEase’s Privacy Policy at <https://employease.com.au/>

Criteria for Submitting a Request to be Excused from Payment for Further Placement Fee

Extenuating Circumstances and Evidence Required:

1.1	Voluntary military or emergency service commitments	In the instance of volunteering for military or an emergency service, the request must include an original or certified copy of documentation from the relevant entity stating required dates of service.
-----	---	---

1.2	Jury duty/service	In the instance of jury duty which conflicts with the placement, the request must include an original or certified copy of the jury duty summons and dates of service.
1.3	Birth or adoption of a child	In the instance of you or your partner giving birth to, or adopting, a child during a period that coincides with placement dates, the request must include written evidence of the birth/adoption.
1.4	Court mandated appearances	In the instance of being required by law to appear in court, the request must include an original or certified copy of the papers requesting attendance in court.
1.5	Illness or serious health problems	In the instance of illness, injury or serious health problems, the request must include an original or certified copy of a medical certificate that clearly states the expected duration of the condition, and when placement can be recommenced. Medical certificate(s) must be provided by a certified doctor who is not a relative, colleague, or close friend of the student, or has any other conflict of interest. If the duration or impact is extensive, it is recommended you contact the Director of Nursing to discuss reasonable adjustments.
1.6	Bereavement	In the instance of the death of immediate family member or close friend/relative, the request must include a certified copy of the death certificate or appropriate evidence.
1.7	Psychological well-being	In the instance of an event that affects psychological well-being the request must include an original or certified copy of a document from a counsellor or other relevant practitioner. This document must indicate the impact of the event, and the expected timeframe until placement can be recommenced.
1.8	Other personal or professional exceptional circumstances	In the instance of unavoidable, unexpected and exceptional personal or professional circumstances, such as death or serious illness of a family member, the request must include documentary evidence to confirm the circumstance is required.
1.9	Other misadventure (e.g. victim of crime, car accident)	In the instance of a significant misadventure, such as a car accident or being the victim of crime, the request must include original or certified copy of appropriate evidence.
1.10	Harassment or Bullying	In the instance where a student felt like they were being bullied by staff member, placement patient or fellow student, an incident report must be completed. Refer to the Bullying and Harassment Policy and Procedure.

Circumstances Where a Student will not be Excused from Payment for Further Placement Fee:

1.11	Dismissed from placement	Placement was cancelled by the placement host, for not attending placement (example didn't notify anyone of sick leave, and didn't provide Medical Certificate) or placement cancelled as a consequence of poor conduct, student deemed unsafe, etc.
1.12	Failure to complete placement pre-requisites	Student hasn't completed placement pre-requisites prior (immunisation statement of compliance/ police check)

1.13	Failure to attend classes prior to placement	Student hasn't attended 80% of classes prior to placement without medical certificates or evidence for extubating circumstances
1.14	Failure to complete simulations	Student hasn't completed relevant simulations pertaining to placement

Throughout this process, the Clinical Placement Coordinator works diligently to uphold the integrity of placement experiences and prioritize student safety and regulatory compliance.

With the support of the Head of Discipline, the Coordinator ensures that all mandatory requirements are diligently monitored and completed to facilitate successful student placements.

Simulation Laboratories

Simulation laboratories have been designed to replicate clinical placement experiences. The EmployEase clinical nursing lab is located at our CBD training facility.

This is a simulated nursing environment and as such uniform requirements, safety regulations and codes of conduct are governed by industry practice.

Whilst undertaking simulation activities your trainer will direct you as to the use of electronic devices including mobile phones.

During simulation and Clinical Placement activities you are required to wear your clinical uniform (see Dress Code).

Assessment

Students will be assessed throughout the course in a variety of ways. Assessment methods and tasks have been developed for each unit of competency based on the knowledge and performance evidence requirements of each unit of competence.

These include written assessments, reports, research tasks, case studies, tests/exams, in class demonstrations, practical placement and logbooks. Students will also be assessed against the NMBA enrolled nurse standards for practice.

Each assessment will specify the criteria to be met and it is the learner's responsibility to seek clarity from their trainer should there be any aspect they feel is unclear.

Assessment Phases (Milestones)

Students are required to meet certain training and assessment milestones across the program to be eligible to progress in their program. See below:

Phase 1 – Need to satisfactorily complete all units before placement 1	Phase 2 – Need to satisfactorily complete all units before placement 2	Phase 3 – Need to satisfactorily complete all units before placement 3	Phase 4 – Need to satisfactorily complete all units before placement 4 & 5
<ul style="list-style-type: none"> • CHCDIV001 • HLTINF001 • HLTWHS002 • HLTENN045 • HLTENN036 • HLTENN068 • HLTENN041 	<ul style="list-style-type: none"> • HLTENN035 • HLTAAP002 • HLTENN042 • HLTAAP003 • HLTENN039 	<ul style="list-style-type: none"> • HLTENN037 • HLTENN038 • HLTENN047 • CHCPOL003 • CHCDIV002 • HLTENN044 	<ul style="list-style-type: none"> • HLTENN057 • HLTENN043 • HLTENN040 • CHCPRP003 • BSBPEF402 • HLTWHS006 • HLTID003

Additional milestones include professional practice (Clinical Placements) and in-class assessments such as medication calculations. Students who are unable to achieve a satisfactory outcome for these milestones may be unable to progress further in their program.

Where a student is unable to meet a particular milestone an academic review meeting will be held with the student and the Head of Nursing and the RTO Operations Manager to consider the individual case and what options may be available to the student. The decision to continue the student's enrolment will be at the full discretion of EmployEase. Full course fees remain payable.

Students must achieve a satisfactory outcome for each assessment method attached to a unit of competency, to gain a competency outcome for the unit. A student must gain a competent outcome for each unit of competency to fulfil the requirements of the qualification.

Submitting a Written Assessment

Students submit written assessments on to our online campus or complete the written task directly online. Access to the on-line campus will be arranged at the commencement of the course. Students must always ensure they have retained a copy of any assessment for their own records. The on-line system will track the marking of the work and will also hold a copy of the evidence once it is deemed satisfactory. Assessments must be submitted as a word doc or PDF using the full assessment template

Assessment Writing Standards

EmployEase has specific assessment writing standards in place that students must follow. These include:

- Font Style: Calibri, Arial or Times New Roman
- Font Size: 12
- Font Colour: Black
- Double line spacing
- Footer on every page including name, student number, unit code and assessment number
- No borders, shading or graphics except where required in diagrams
- 3 cm margins
- Assessments being uploaded to LMS must be in Microsoft word. Other file types will not be accepted.
- See also Correct Referencing

Remember that it is your responsibility to keep a copy of your assessments. EmployEase takes no responsibility of assessments submitted for which the student did not retain their own copy.

Outcome Grading

All course work and clinical placement work will be graded Satisfactory (S) or Not Yet Satisfactory (NYS). With a final grade of Competent (C) or Not Yet Competent (NYC) after completion of each assessment method including placement. Students who do not achieve a Satisfactory (S) result will be provided feedback on the areas that need to be rectified. Should additional support be required it is the student's responsibility to request additional assistance or clarification as soon as possible after receiving their initial feedback.

Assessment Resubmissions/Re-attempts

Students are provided with three opportunities to gain a satisfactory outcome for written assessment tasks, simulated nursing laboratory assessments and in class assessments. Should a student not be able to gain a satisfactory outcome for the assessment after three attempts, including verbal assessments if applicable, the task will be closed and deemed Not Yet Satisfactory (NYS).

Where a student is deemed NYS for a unit, they will be unable to meet the requirements of the full qualification and will be unable to be awarded the Diploma of Nursing. Where a student has completed only individual units, but not the complete qualification they will receive a Statement of Attainment for the units they have successfully completed. Options to re-enrol in outstanding units will be considered at the conclusion of the student's enrolment, will be at the full discretion of EmployEase and be dependent on the availability of positions in future programs.

Students will be provided with two opportunities to gain a satisfactory outcome for placement. Where a student is unable to achieve a satisfactory outcome for placement they will be counselled and a further final opportunity will be provided to them. Please refer to Termination of a Placement.

Where a student fails to achieve a satisfactory outcome following two placement attempts, all linked units will be deemed Not Yet Satisfactory. The student will be counselled and meet with the Head of Nursing and RTO Operations Manager. It is at the full discretion of EmployEase as to whether enrolment continues, the student is given additional opportunities for re-assessment, or the student is re-enrolled with a new study group to undertake further study (additional enrolment fees and charges will apply).

It is important to understand that where a student fails to achieve a satisfactory outcome for placement following two attempts or two opportunities, it may not be possible for them to proceed further in the program.

An individual student must gain a satisfactory outcome for each assessment method attached to a unit of competency, to be deemed competent in the unit. The student must gain an outcome of competent against each unit to meet the requirements of the qualification.

Reasonable Adjustment

Reasonable adjustment will be applied to take into account the individual needs of a student within the constraints of the particular unit of competency. Reasonable adjustment that may be applied includes:

- Additional time to complete an assessment
- Rescheduling of an assessment
- Verbal assessment
- Adjustment to the equipment or resources used as part of the assessment

Cheating and Plagiarism

Learning to think and work independently is part of the educational process. Cheating or plagiarism in any form is considered a serious violation of expected student behaviour and may result in disciplinary action.

Definition of Cheating

Cheating is defined as obtaining or aiding another to obtain credit for work by any dishonest or deceptive means. Cheating includes, but is not limited to:

- Copying from another student's assessment or work or seeking answers from another student or past student (including completing assessments together)
- Providing answers either directly or indirectly to another student
- Submitting all or part of another student's work under your own name
- Giving copies of any part of your completed assessments/tasks to other students.
- Providing access to your on-line system/log-in details to another student

Definition of Plagiarism

Plagiarism is using others' ideas and passing them off as your own, without clearly acknowledging the source of that information.

In your course you are continually engaged with other people's ideas. You read the ideas in text, hear and discuss them in class and incorporate them into your own writing. As a result, it is very important that you give credit where it is due. Whenever you use the words or ideas of another person or source in your work, you must acknowledge where they came from. Plagiarism includes, but is not limited to:

- Copying the exact words from a source without using quotation marks
- Making very minor changes to someone else's words without acknowledging their source
- Using another person's idea from a text (for example in a book or from the internet) without acknowledging its source
- Copying, cutting and pasting text from an electronic source and submitting it as your own work (e.g. class power-points)
- Using quotes from the internet without acknowledging their source
- It should be noted that EmployEase encourages students to talk to staff, fellow students and other people who may be able to contribute to a student's learning, but assessments submitted must reflect your own work and knowledge.

Process for addressing suspected Cheating or Plagiarism:

- The Trainer will contact the student directly to discuss the matter and arrange for a resubmission of the work by the student.
- An interview with the Head of Nursing will be held

Depending on the outcome of the interview the following actions may occur:

- You will be given the opportunity to resubmit your assessment
- You will be required to undertake a verbal assessment or complete your assessment with an EmployEase staff member present.
- Your enrolment in the course will be cancelled

Correct Referencing

It is essential for the students to use correct referencing to indicate the sources of information they have used in their assessments or written work. In the Diploma of Nursing course at EmployEase, the accepted style of referencing is APA 7th edition referencing.

APA Style uses the author-date citation system. This system allows readers to find sources cited in the text in the reference list, where each source is listed alphabetically. All citations must be listed in the reference list in order of author's surname, or first author's first name. It must contain author name or names, publication

dates, title of work and publication data. There will be information and a video link explaining the 7th edition APA referencing on your LMS.

Assessment Due Dates

It is imperative that all assessments are submitted by the respective due date. Adequate periods of time are allowed to complete assessments. If you are unable to complete assessments by the due date, you must contact the Head of Nursing to request a formal extension.

EmployEase reserves the right not to extend an assessment due date beyond what the Head of Nursing considers to be reasonable. Assessments which are not submitted within the set time frame, or within an approved extension, will be closed and the respective unit deemed Not Yet Satisfactory (NYS).

Extensions/ Special Consideration

If a student requires an extension for an assessment, an extension form should be downloaded and submitted to your trainer prior to the due date of the assignment. If the extension is approved, you will be notified of the new due date. You can only use an extension once per assessment.

Special consideration is a variation to an assessment that takes into account the impact of an unexpected circumstance on a student's performance in an assessment. These circumstances may range from serious health or compassionate grounds that have severely affected a student's performance in an assessment.

The special consideration process is considered to be reactive in design and provides compensation for an unexpected illness or hardship on a one-off basis. The special consideration form will need to be emailed to the Head of Nursing for consideration and a meeting will be required to ensure that the student has a support needed.

Assessment / Academic Appeals

If the student is dissatisfied with the assessment outcome, he/she has the right to appeal. For detailed information refer to the EmployEase Assessment Policy.

Results and Awards

EmployEase issues Awards and Statements of Attainment in accordance with the ASQA requirements.

IT, Uniform and Equipment Requirements

Information Technology

Students will need access to the internet, email and Microsoft office or similar and will need a computer/laptop to access references, learning resources and conduct research.

Text Resources

Students will be advised the relevant textbooks at the commencement of each unit. EmployEase has decided to provide access to some of these resources in hardcopy and some electronically under licence via ClinckKey. The cost of these licences is included in the course fee. Any other text/resources required will be provided to students at Orientation, or when deemed necessary during the course.

Use of Laptops

Although students can use laptops and other digital devices for note taking as part of class-based training session, students are not permitted to complete assessments during training time. Where a student is

observed using their laptop for non- study purposes or for tasks not associated with the current training session the trainer has the authority to ask the student to close the device and exit the class.

Appropriate use of electronic devices as part of Zoom sessions is also expected.

Dress Code (Uniform)

This compulsory dress code applies to both clinical placement and simulation activities:

- EmployEase Diploma of Nursing shirts (provide by EmployEase)
- Black pants with the cuffs no longer than 3cms above the floor (leggings are not appropriate) or Black/Navy business skirt that covers the knees
- Black, solid closed in shoes, leather (nursing shoes), sneakers, boots or casual footwear is not appropriate
- Fob watch with third hand (watches are not to be worn on wrists)
- Name badge

You must also meet the following safety requirements:

- Hair neatly tied back
- Facial hair must be neatly trimmed
- No jewellery on hands or wrists (except wedding band) and no chains
- Only stud earrings
- Body piercings removed
- Short, trimmed fingernails (no polish) and no acrylic nails
- Minimal makeup should be worn if any

Nursing Kit

It is mandatory for all students studying the Diploma of Nursing to have a nursing kit. This equipment will be used during practical and simulated lab sessions. The cost of the kit will be added to the course fees and appear on the Statement of Fees provided at the Information Session.

Included in the nursing kit:

- Liberty Classic Stethoscope
- Nurses Fob Watch
- Sphygmomanometer Aneroid Velcro Cuff Latex Free
- Retractable ID Tag Holder
- Portrait ID Tag Holder Clear 10cm x 9cm
- Safety Glasses
- Penlight Torch
- Surgical Scissors Sharp/Blunt Straight 13cm

Student Welfare and Support

Students who are experiencing difficulties impacting on their studies are encouraged to contact the Head of Nursing to discuss their concerns. The Head of Nursing may refer you to your community resources that are available to you.

After Hours Security and Safety Measures

EmployEase requires students to:

- Ensure their car is parked close to the building in a well-lit area.

-
- Discuss with your Clinical Placement Coordinator in relation to safe parking during placement
 - Leave training/placement venue in pairs where possible

EmployEase takes student and trainer safety very seriously, however, we cannot guarantee that we can prepare for, and prevent, every likely event.

Study Support (NONA classes)

Study support (NONA classes) provide students with the opportunity to complete some self-directed study or to complete a re-assessment (where required). NONA classes are timetabled throughout the course and students are encouraged to utilise them.

Aboriginal and Torres Strait Islander Support

EmployEase offers individual assistance and student support for Aboriginal and Torres Strait Islander students. The Aboriginal Student Liaison Coordinator is available to ensure Aboriginal and Torres Strait Islander students' study experience is a positive one, that they are well supported and have the best possible chance of success in their nursing studies. Please contact the Head of Nursing if you require support from the Aboriginal Student Liaison Coordinator.

NMBA Enrolled Nurse Standards for Practice

The NMBA establish the limits and role boundaries of enrolled nurse practice and are strictly adhered to in the program. The standards are mapped in each unit of competency and you must demonstrate achievement of these standards to graduate from this program. In the final week of clinical placement students will undertake a summative assessment to ensure that they meet these standards.

It is paramount to success in this program that students have a clear understanding of these standards.

<https://www.nursingmidwiferyboard.gov.au/Codes-Guidelines-Statements/Professional-standards.aspx>

General Guidelines and Information

Punctuality

As in a workplace, you are expected to arrive at least 10 minutes prior to class start time. This allows students to prepare for class. If you are 30 minutes late for a class, or you leave 30 or more minutes prior to the end of the session you will be marked as absent. This may impact on your ability to be assessed. If you are 10 or more minutes late for a nursing lab session entry may be at the trainer's discretion. You may not be able to participate and this will delay your completion of the program.

In the case of clinical placement, you are expected to be on time. If you expect to be late for placement, you must follow the facilities protocols and advise your EmployEase Clinical Placement Coordinator prior to your shift time.

Attendance

You are expected to attend all training sessions, in particular training/assessment using our clinical nursing laboratory. Student's whose attendance is deemed by our Head of Nursing to have fallen below 80% across a particular unit or units of study will be counselled. It is important to understand that absences may impact on your ability to undertake formal assessment in a unit or units of study or may prevent you from participating in a scheduled placement. This will impact on your ability to meet the requirements of this qualification. If you are unable to attend a training session, you must contact EmployEase admin by 9am on the day so your trainer can be advised. A medical certificate will be required to support your absence.

If for any reason you are unable to attend your allocated placement shift you must follow the facilities protocol and inform the EmployEase Clinical Placement Coordinator or Head of Nursing prior to your shift. It is important to note clinical placement hours are mandatory, therefore all hours will need to be successfully completed as timetabled. This means that absences will result in an extension to the course duration.

EmployEase will make every effort to support a student to make up training where they have been absent or late. However, EmployEase takes no responsibility for a student who is unable to complete a unit or unit of study, complete a compulsory placement or successfully complete the qualification due to their absence from the course or their punctuality to class, nursing labs or placement. EmployEase also reserves the right to close a student's enrolment for sustained periods of absenteeism or lateness to study.

Childcare

It is not appropriate to take children to class in any circumstance. If you are unable to secure childcare on any given day or if your children are sick, please contact EmployEase administration to record your absence.

Recording your Attendance

The trainer will record your arrival and departure from training each session. This will be automatically recorded on your student file via our online digital attendance system. The attendance record provides us with an accurate record of your attendance in your course and is also an important document should an emergency or venue evacuation be needed.

Deferring an Enrolment

Where a student has enrolled but has not commenced training, their enrolment may be deferred to a later date with an alternative study group.

Enrolment cannot be deferred for any reason where training has already commenced. Where a student chooses to close their enrolment and continue their training with a later study group, this will be at the full discretion of EmployEase. Additional enrolment and administration fees will apply.

Active Participation

All students are expected to actively participate in their training and show strong independent learning skills. This means that you must submit assessments by the due date, attend all timetabled classes, actively participate in class activities and discussions, and undertake clinical placement as arranged. Courses delivered by EmployEase are funded by the government. As such EmployEase is required to collect evidence of participation from students. There are several ways this is achieved:

Evidence of your participation is gathered by:

- **Class Attendance Records**
 - Attendance is recorded by your trainer and provides EmployEase with an accurate record of your participation.
- **Written Assessments**
 - You are required to submit your assessments as per your assessment schedule. Again, assessments show evidence of your active involvement with your studies.
 - If a student is shown not to be actively participating in their program, they will be contacted by the Head of Nursing who will talk to you about what support might be able to be offered and see if their training plan needs to be adjusted.
 - It is important to understand that EmployEase has the right and is obligated to cancel the enrolment of any funded student who has not actively participated in the program for a period of up to 60 days.

- **In-Class/Sim Lab Assessments**

- Some assessments are conducted as part of your timetabled class time. Should you miss an in-class assessment this may delay the progress of your training.
- Details of in-class assessments are record on your timetable.

Foundation Skills

Almost everything we do at work requires us to use foundation skills. Foundation skills include language, literacy and numeracy skills as well as those essential to employment including teamwork, communication; problem solving; initiative; planning and organising; self-management; learning and technology. Each unit within your qualification will include foundation skills, and as a result each assessment task includes an opportunity for you to demonstrate foundation skills. For example, an assessment might require you to problem solve, to use technology or show communication skills by reading workplace policies and procedures, writing a workplace report, demonstrating nursing skills, using the internet to complete your assessment, or showing initiative and teamwork in class or in the workplace. Students are expected to demonstrate strong foundation skills throughout their training including in the classroom and on placement.

Official Course End Date

As with any contract or agreement, there needs to be a defined end. It is the same with a training course or training plan. Your course will officially end **14 days** after your final timetabled class. This means that all course requirements/evidence must be completed and submitted to be included in your final outcome.

Any adjustments which will result in your enrolment extending beyond your original Course End Date will be at the complete discretion of EmployEase Management and will be based on particular circumstances, your study history including your attendance and progress to date and the expected revised Course End Date.

It is important to understand that although EmployEase makes every effort to support students to complete their program it is not always possible or appropriate for training to extend beyond a timeline which is considered reasonable.

Use of Mobile Phones and other Devices in Class

Students are required to refrain from using mobile phones, pagers or any other electronic communication devices that may disrupt a class or prevent the student from actively participating in learning.

Where a student is observed to be using the mobile phone or communication device in class, either with or without earphones, and this is considered by the trainer to be disruptive, disrespectful, or preventing the student or others from actively participating in learning, the trainer has the authority to ask the student to leave the class or close the device.

Student Code of Conduct

Courses are delivered in an adult learning environment. This means that there is an expectation that students will always conduct themselves in a respectful and professional manner. Where a student's behaviour is disrespectful, disruptive to others, or places themselves or others at risk, the trainer has the right to ask the student to leave the class. Where a student's behaviour is outside that described in the Student's Code of Conduct, EmployEase has the right to cancel the student's enrolment. (See EmployEase Student Code of Conduct below).

EmployEase Student Code of Conduct

Student Rights:

All students have the right to:

- Be treated fairly and with respect by trainers, staff and other students, without discrimination, regardless of religious, cultural, racial and sexual differences, age, disability or socio-economic status
- Learn in a supportive and stimulating environment in which to pursue their goals
- Access student support if desired or required
- Privacy concerning records that contain personal information, subject to statutory requirements
- Be given information about assessment procedures at the beginning of the course and progressive results as they occur
- Lodge a complaint without fear of retaliation or victimisation
- To work and study in a safe, clean, smoke free, orderly and cooperative environment
- The right to express and share ideas and to ask questions

Student Responsibilities:

All students have a responsibility to:

- Treat other students, trainers and staff with respect and fairness
- Follow any reasonable verbal or written direction from a trainer or member of staff
- Refrain from using indecent or abusive language
- Behave responsibly by not harassing fellow students, trainers or staff
- Behave responsibly by not damaging, stealing, modifying, or misusing EmployEase or other students' property
- Behave responsibly by not possessing or being under the influence of drugs and alcohol
- Refrain from using mobile phones, pagers or any other electronic devices that may disrupt a class
- Attend scheduled classes and work placement
- Complete all assessment tasks honestly, and not engage in plagiarism or cheating
- Follow EmployEase safety practices
- Not to behave in a way that is disrespectful, would offend, embarrass or threaten others
- Comply with all lawful regulations, rules or procedures of EmployEase that pertain to them
- Pay all fees and charges to EmployEase within the required time frames
- Attend all interviews required by EmployEase to discuss your course progress
- Meet or carry out all activities required by EmployEase in relation to maintaining course progress.

Sexual Harassment

EmployEase is committed to providing a safe, flexible and respectful environment in which staff and students are free from all forms of sexual harassment.

Sexual harassment will not be tolerated under any circumstances and rapid disciplinary action will be taken against any person who engages in this behaviour.

Sexual harassment is a specific and serious form of harassment and is unlawful. It is unwelcome sexual behaviour, which could be expected to make a person feel offended, humiliated or intimidated. Sexual harassment can be physical, spoken or written. EmployEase' Sexual Harassment Policy can be viewed on our website at www.employease.com.au. Alternatively, contact the office on (03) 9761 2156 to request a hard copy.

Confidentiality

You will be required to attend clinical placements as part of your studies. During these placements, you may become familiar with information that is confidential to that workplace (for example financial or business affairs, personal affairs and family background of staff and clients, technical information, trade secrets, know-how, formulae, processes, ideas, and inventions). You must not divulge any confidential information that you become aware of during a clinical placement. Breaches of confidentiality will be acts of behavioural misconduct and may result in disciplinary action. Students will be required to sign a Confidentiality Acknowledgement Agreement at their Orientation class and before each clinical placement.

Becoming Registered as an Enrolled Nurse

Students will be registered as a student nurse with AHPRA within the first 6 months of their course. To be eligible to graduate with the HLT54121 Diploma of Nursing, students must be deemed competent in 25 units of competency (20 core units and 5 electives). In addition, it is mandatory that students demonstrate competence against the required NMBA EN standards for practice.

On completion of your program, EmployEase are obliged to advise AHPRA of your final result and endorse your application for EN registration.

Application Process

Graduates wishing to enter the workforce must register with the Australian Health Practitioner Regulation Agency (AHPRA). The process for registration with the NMBA is available from the [AHPRA](https://www.ahpra.gov.au) website:
[Nursingmidwiferyboard.com.au](https://www.nursingmidwiferyboard.com.au)

AHPRA Registration Fees

Your initial application will incur an application fee and a fee for annual renewal of registration also applies. Fees are subject to change at the discretion of the Nursing and Midwifery Board of Australia and are available to view on their website.

Course Feedback

EmployEase welcomes feedback from students across all areas of our service delivery. Throughout your training you will be asked to provide feedback via completion of an on-line survey. An email with a link will be sent to you at intervals throughout your course. Please take the time to complete and submit each survey.

You don't have to wait until the course has finished before you tell us what you think. If you have any suggestions while you are undertaking training, please contact the office and speak with the Head of Nursing.

You may also receive a National Centre for Vocational Education and Research (NCVER) student survey and/or an invitation to participate in a Department of Education (DEECD) endorsed project. These surveys assist in the ongoing evaluation and continuous improvement of courses. You may also be contacted by the Victorian Skills Commission for audit or review purposes.

Certificate Issuance

As an RTO EmployEase are required to issue a Certificate within 30 calendar days of a student being assessed as competent in the training program, they are enrolled in. If you do not receive your Certificate, please contact the office. Please note that Certificates and Statement of Attainments are not released to students with outstanding accounts. Replacement Certificates or Statements of Attainment are available at a cost of \$33 (incl. GST) each.

Marketing

Written permission to use student images and/or testimonials in marketing material is gained upon student enrolment and is recorded on the enrolment form. Authority is retained in the student file. Students have the right to withhold or withdraw permission of such rights and should do so by contacting the Quality and Admin Manager in writing via admin@employease.com.au

Accessing Student Records

Current and accurate records of student participation and progress is available to students upon request. Requests will be actioned within 7 business days. To request access to Student Records:

- Call EmployEase on (03) 9761 2156 and speak to the Administration Manager or
- Email admin@employease.com.au

Changes in RTO

EmployEase will notify all relevant students, in writing, of any changes at an organisational level which may affect the services being provided. This includes, change of ownership of the training organisation, or third-party training arrangements. Such notification will be provided no later than five days prior to the change occurring.

Complaints

Students who have concerns relating to the delivery of training and/or assessment should, in the first instance, discuss the matter with the relevant trainer, assessor or Head of Nursing (as appropriate). If the concern is unable to be resolved the student may lodge a Formal Complaint.

Lodging a Formal Complaint

1. Complete an EmployEase **Complaints/Appeal Form**. Forms can be downloaded from www.employease.com.au
2. Submit the completed form to EmployEase by email admin@employease.com.au or mail to:
RTO Operations Manager
Employ-Ease Pty Ltd
Level 4, 350 Queen Street
Melbourne, Vic. 3000

EmployEase will strive to resolve any complaint within 15 working days of lodgment. Students will be notified of the outcome of a formal complaint, including reasons for the decision.

Complaints must be lodged within 12 months of completion of course class times.

If the formal complaint cannot be resolved internally, EmployEase will direct the participant to the Dispute Settlement Centre of Victoria.

Information about the Dispute Settlement Centre of Victoria can be found at www.disputes.vic.gov.au.

The cost of external mediation will be borne equally by EmployEase and the student. Refer to EmployEase website for entire Complaints Policy.

Please Note: *Individuals have the option to register a complaint while anonymous or using a pseudonym. It may be impracticable, however, to investigate and resolve an individual's complaint unless the complainant provides their name or similar information.*

Appeals

Assessment Result Appeal

Assessment is the process of collecting evidence and making judgements about whether competency has been achieved. Assessments are carried out in accordance with the *Principles of Assessment and Rules of Evidence*.

Students who feel they have been assessed unfairly should discuss with the Assessor directly. If the matter is not resolved satisfactorily, it should be taken to the Program Coordinator or Head of Nursing in an attempt to resolve the issue at this level. Should the student still be dissatisfied, they have the right to lodge an Assessment Result Appeal.

Lodging an Assessment Result Appeal

The student is the only person who can lodge an assessment result appeal.

1. Complete an EmployEase **Assessment Result Appeal Form**. Forms can be downloaded from www.employease.com.au
2. Submit the completed form to Employ-Ease by email admin@employease.com.au or mail to:

Quality and Admin Manager
Employ-Ease Pty Ltd
Level 4, 350 Queen Street
Melbourne, Vic. 3000

Assessment Result Appeals must be lodged within 2 weeks of assessment.

EmployEase will strive to resolve any Assessment Result Appeals within 28 working days of lodgment. Students will be notified of the outcome.

Assessment Result Appeals will be reviewed against the Principles of Assessment and the Rules of Evidence.

Refer to EmployEase website for entire Assessment Appeals Policy and Appeals Policy.

Legislative Compliance

EmployEase supports and abides by relevant Legislation, Acts and Compliance in regard to Education and Training. The following provides a brief summary of relevant Acts and how they support your participation in training:

NB: The information following are excerpts of the acts sourced via www.comlaw.gov.au, www.legislation.vic.gov.au and other relevant websites identified below.

Charter of Human Rights and Responsibilities Act 2006 (Vic)

The main purpose of this act is to protect and promote human rights.

- Human rights belong to all people without discrimination
- Human rights come with responsibilities and must be exercised in a way that respects the human rights of others.

Child Wellbeing and Safety Act 2005 (Vic)

The Child Safe Standards were introduced by the Victorian Government to improve the way organisations prevent and respond to abuse of children and young people under the age of 18 within their organisations. The Standards seek to create a culture and environment that is supportive and protective.

Competition and Consumer Act 2010 (Cth)

EmployEase complies with Schedule 2 - Australian Consumer Law which protects consumers against misleading or deceptive conduct, unconscionable conduct and unfair practices.

Copyright Act 1968 (Cth)

The Copyright Act 1968 (Cth) allows people to use copyright material without the copyright owner's permission in certain situations.

Key points: The Copyright Act states that if you use less than a certain amount of a copyright item for research or study, the use is deemed to be fair. If the amount used exceeds these limits, the Act sets out several factors to be taken into account to work out whether the use of the material is "fair".

If you are reproducing text from a hard copy edition of 10 or more pages, the Act deems that it is fair to copy:

- 10% of the number of pages; or
- one chapter, if the work is divided into chapters.
- For text material published in electronic form, it is deemed to be fair to copy:
- 10% of the number of words; or
- one chapter, if the work is divided into chapters.

The Act deems that it is fair to reproduce an article from a periodical publication (such as a newspaper, magazine or journal) or more than one article if each article is for the same research or course of study. Current and further detailed information can be located on the Australian Copyright website www.copyright.org.au.

Disability Discrimination Act 1992 (Cth)

The objects of this act are:

- to eliminate discrimination against persons on the ground of disability in the areas of work,
- accommodation, education, access to premises, clubs and sport
- to ensure, as far as practicable, that persons with disabilities have the same rights to equality as the rest of the community
- to promote recognition and acceptance within the community of the principle that persons with

-
- disabilities have the same fundamental rights as the rest of the community.

Education and Training Reform Act 2006 (Vic)

This Act required that all providers of education and training ensure programs are delivered in a manner that supports and promotes the principles and practice of Australian democracy. All Victorians should have access to a high-quality education that maximises their training achievement and promotes enthusiasm for lifelong learning.

Equal Opportunity Act 2010 (Vic)

The purpose of this act is to eliminate and protect against discrimination, sexual harassment and victimisation including racial and religious.

Freedom of Information Act 1982 (Cth)

The Freedom of Information Act 1982 gives you the right to:

- access your personal records
- request that incorrect or misleading information held about you be amended or removed
- seek a review of our decision not to allow you access to a document or not to amend your personal record.
- student has full access to his/her records upon request to the RTO Manager. A written authorisation signed by a student is required.

Occupational Health and Safety Act 2004 (Vic)

The purposes of this act are:

- to secure the health, safety and welfare of employees and other persons at work
- to eliminate, at the source, risks to the health, safety or welfare of employees and other persons at work
- to ensure that the health and safety of members of the public is not placed at risk by the conduct of undertakings by employers and self-employed persons
- to provide for the involvement of employees, employers, and organisations representing those persons, in the formulation and implementation of health, safety and welfare standards.

EmployEase is committed to providing a safe and healthy learning environment. We make every reasonable effort to prevent accidents and injury and to promote the health, safety and welfare of all students. As a student, you are encouraged to report identified risks or hazards to your trainer/assessor.

Privacy Act 1988 (Cth); Privacy Amendment Act 2012

EmployEase is committed to protecting the privacy of your personal information. Our Privacy Policy sets out the way personal information is handled and can be accessed via www.employease.com.au Only information that is required by government bodies and is directly relevant to effective service delivery is collected. EmployEase adheres to the 13 Australian Privacy Principles. The APPs set out standards, rights and obligations for the handling, holding, accessing and correction of personal information (including sensitive information). These can be accessed via the following website: www.privacy.gov.au

Racial Discrimination Act 1975 (Cth)

It is unlawful for a person to do any act involving a distinction, exclusion, restriction or preference based on race, colour, descent or national or ethnic origin which has the purpose or effect of nullifying or impairing the recognition, enjoyment or exercise, on an equal footing, of any human right or fundamental freedom.

Sex Discrimination Act 1984 (Cth)

It is unlawful to discriminate against persons on the grounds of sex, marital status, or pregnancy. This Act eliminates discrimination involving sexual harassment in the workplace and educational institutions.

Working with Children Act 2005 (Vic)

The purpose of this Act is to assist in protecting children from sexual or physical harm by ensuring that people who work with, or care for, them have their suitability to do so checked by a government body. The purpose of a Working with Children Check is to establish a process for assisting in determining whether a person is suitable to work in child related work.

Student's undertaking the Certificate IV in Disability at EmployEase are required to have a Working with Children Check (WWCC) prior to clinical placement.

Enrolled Nurse Standards of Practice (2016) and Code of Professional Conduct as set by NMBA

Compliance

EmployEase complies with the requirements of the:

Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is the national policy for regulated qualifications in Australian education and training. It incorporates the qualifications from each education and training sector into a single comprehensive national qualifications framework.

Current and further detailed information can be located via www.aqf.edu.au

Victorian Skills Commission

The Victorian Skills Commission (VSC) is the statutory authority providing for the delivery of vocational education and training in Victoria.

The VSC monitors and provides advice to the Government on the performance of the demand driven Victorian training market, oversees public funding for training and further education, regulates apprenticeships and traineeships and supports industry advisory arrangements.

Current and further detailed information can be located via www.education.vic.gov.au

Standards for Registered Training Organisations 2015

Standards which guide nationally consistent, high-quality training and assessment services in the vocational education and training system www.asqa.gov.au

Australian Skills Quality Authority (ASQA)

ASQA is the national regulator for Australia's vocational education and training sector. **ASQA** regulates courses and training providers to ensure the nationally approved quality **standards** are met (see Standards for Registered Training Organisations 2015) www.asqa.gov.au

The Australian Nursing and Midwifery Accreditation Council (ANMAC)

The Australian Nursing and Midwifery Accreditation Council (ANMAC) is responsible for monitoring education providers and programs of study that provide a qualification for the purpose of Registration in nursing and midwifery. Current and further detailed information can be located via www.anmac.org.au
