## Summary Report

The Summary Report provides information about the RTO and a snapshot of results for the scales measured by the Learner Questionnaire (LQ) and Employer Questionnaire (EQ).

For each scale, the Summary Report presents information about the:

- count of responses used to calculate the scale scores
- average scale score; and
- variation in scale scores.

Scores are reported on the response scale of 0 to 100, where 0 means 'strongly disagree' and 100 means 'strongly agree'.

Results are provided for learners and/or employers depending on the data entered.

This Summary Report can be used to analyse the number, average and variation of the survey responses. Comparison can be made across scales, to previous reports, or between learners and employers.
